

My travel in Australia

My families :

First of all, I was in the Johnson's family, they were all really nice and it was very easy to talk with them. They were always smiling, and laughing. I had a really good relation with all the members of the family, the father's name's was James, the mother was called Vanessa, the first children is Xavier, then there is Flyn and finally Spencer. In my second family the father's name's was Daniel, the mother is Debbie, and there was Daniel (Dan) and Nico. They were also really nice and smiling and with both families I did a lot of activities.

The school :

For school I had to wear a uniform, I didn't really like it but it was kind of funny to see everybody at school dressed in the same way. I started school at 8.45am and finished it at 3.30pm, so the days were not as long as in France. I had different subject than in France like PE or outdoor environment. It was also much easier to talk to teachers than in France and they were all really nice. The school was also totally different because every student had their own laptop and the classrooms were different. It was a good place to learn !

Friends :

I met so many people and I made lots of friends like Xavier, of course, Zoe, Bridie, Jett, Nick, Josh, Dan, Nico, Sophie, Lexie, Milla, Zoe, I miss them. Everybody was so nice with me, and I went to Melbourne with some of them. I had some little parties with them. It was amazing to meet so many incredible people!

Travels :

I didn't travel a lot with my families but I did many activities like the zoo, Red Hill Mountain, the city of Sassafras; we also went to the city to see a *foopy game* (Australian football), to eat in restaurants, or to do shopping.

I really appreciated those moments with my families, it was really important for me to spend time with them !
